

# Fertrell Fall Sales

**Free Forage Test:** Fertrell is giving free forage tests for October 2019. Fertrell will also want some info about your farm and cows so they can make recommendations for your forage and grain rations.

**Grain tests are 50%.**

Ask us for more info.

Your samples must be delivered to Martin's Farm Supply between now **and Monday, October 28th** to qualify for the deal. We can also take the samples for you if we are in your area and have time.

**Fertilizer Sale: Fertrell Fertilizers** — Gold SS 2-4-2, Blue N 5-1-1, Super N 4-2-4, Super K 3-4-7, and Custom Blends (with or without trace minerals) -- September 8% off (9-24-19 deadline), October 7% off (10-28-19 deadline), November 6% off (11-26-19 deadline), December 5% off (12-26-19 deadline).

**Blue River Hybrid Seeds Sale:**

**Cash/Early Pay Discount** -- September 10% (9-24-19 deadline), October 8% (10-28-19 deadline), November 6% (11-26-19 deadline), December 5% (12-26-19 deadline), January 4% (1-27-20 deadline), February 3% (2-25-20 deadline), March 2% (3-26-20 deadline), April 1% (4-25-20 deadline). To receive the cash discount listed above all checks must be at Martin's Farm Supply by the date listed.

**Early Order Discount--(Corn & Alfalfa Only)** -- September \$10 per bag off (9-27-19 deadline), October \$5 per bag off (10-30-19 deadline), and November is \$3 per bag off (11-28-19 deadline). The order must be placed with Martin's Farm Supply by the date listed.

You may take both the Prepay and Early Order Discounts.

Restrictions may apply.

Let us know if you have any questions or complaints.

# Kelp Meal Fall Sale

Kelp meal is commonly hard to get in the spring time. There is a good supply in the fall.  
**So stock up for the winter and spring now!**  
**\$40/ton off until November 30th.**  
There's a chance delivery will be after the 30th depending on our supply.

## Winter-Mune

- Contains High levels of Vitamin A, D, & E.
- Better use of feed inputs.
- Less respiratory, reproductive problems, and better overall health.
- Better growth and production.

Feed Winter-Mune when you are feeding stored forage or when pastures are poor quality.

## Super Calendar

**November 2019 thru February 2022**

I made a calendar with 11X17 paper. It has big boxes so you can write in notes and appointments. It goes for 2 years so you can enter next year's appointments too. It is similar to Zook's Molasses 'Amish Calendars'. There are no pictures. Due to the size of it, I'm not including it with this mailing. If you want a free copy, stop in or request one with your delivery.

## For Sale

### Organic Corn Silage

Please Call Peter Schiltz for more information.  
315-250-4353

### Apples from Dad

We have a bumper crop of Sweet Sixteen apples; some other varieties are also available.

#1's are \$20.00 a bushel;

#2's are \$10.00 a bushel.

If interested, call Luke at (315) 262-8099, or mail a letter to Luke Martin, 156 Newton Rd, Potsdam NY. 13676.

Melvin can deliver if you are on his regular delivery route.

# Vermont Compost

# Organic Potting Soil Sale

Sale ends November 29<sup>th</sup> 2019

## **Fort V – All Purpose Compost Based Potting Mix:**

Fort V is what I sell most of. My customers have excellent results with this potting soil. Excellent for trays, pots, and containers. Usually no additional fertility required until the roots fill the soil mix. Blended from: manure compost; sphagnum peat moss; crushed washed screened granite/basalt blend; coconut coir; vermiculite; gypsum; blood meal; kelp; bone char.

**Screened Composted Manure:** The basis for all Vermont Compost's mixes. Professionally composted. Free of live weed seed. Blended from: bovine, equine, and avian manures, food residuals, spoiled silage, bark, late cut hay, mature compost, sphagnum peat moss.

**Compost Plus -- Container and Transplant Booster mix:** This organic supplement can be added to rejuvenate tired soil mix in containers or garden beds. Works wonders on last year's soil in your plant containers. Add 4-8 tablespoons of "Booster" per quart of planting medium or 1-2 cups per 4 quarts of planting medium. Also excellent for top dress or side

dress. Ideal for "topping up" house plants. Blended from: manure compost; blonde horticulture grade sphagnum peat moss; crushed washed screened granite/basalt blend; coconut coir; blood meal; kelp; gypsum; bone char; Vermiculite.

## **Jolly Roger -- Flowering and Fruiting Container Mix:**

Specifically crafted for container cultivation of cannabis and hemp cultivars with high nutrient needs. This mix contains ample fertility to carry fast-growing annuals from a vigorous vegetative phase through to a bountiful finish. Excellent yields are, in part, dependent on sufficient root space; so growers are encouraged to use a container sized to accommodate a root volume as large as the plant they hope to grow.

**Screened Composted Manure, Perennial Blend, Compost Plus, Jolly Roger, and Fort Light** also available in the same ways as Fort V. Call if interested.

## **Fort V:**

(1-15) 5 gal pails (packed and level) = **\$12/pail sale price**, (\$13/ pail regular price).

(16+) 5 gal pails (packed and level), (32 pails = approx 1 yd) = **\$11/pail sale price**, (\$12/ pail regular price).

2 yd sling bag = **\$538 sale price** (\$538 divided by 64 = \$8.41 per pail equivalent) (\$563 regular price).

4 or more 2 yd sling bags = **\$518 sale price**, (\$518 divided by 64 = \$8.10 per pail equivalent)

A 5 gal pail packed and level = 25 Qt standard potting soil measure.

**Compost Plus:** 5 gal pails (packed and level) = **\$13.58/pail sale price**, (\$14.58/ pail regular price).

**Screened Composted Manure:** 2 yd sling bag = **\$350 sale price**, (\$375 regular price)

5 gal pails (packed and level) = **\$8 /pail sale price** (\$8.50 regular price), (37 pails = approx 1 yd)

## **KF Alfalfas**— Twenty unique alfalfas that solve a variety of problems. You just need to pick one ... or two.

*Let our dealers help you select from our lineup of alfalfas, the one that's right for your region and your farm!*

- ✓ **BRANCH ROOTED**
- ✓ **ENHANCED DIGESTIBILITY**
- ✓ **SUNKEN CROWN**
- ✓ **MULTIFOLIATE**
- ✓ **HYBRID**

**KF Alfalfas & alfalfa/grass mixtures had 8 top 10 finishes and 2 Grand Champions at the 2018 WDE Forage Superbowl!**

## **KF Corn Hybrids** **for Feeding ... period.**

**KingFisher hybrids are selected for livestock.** Evaluated using two key concepts to livestock feed efficiency.

**SofStarch™** — The lineup is ranked and rated on grain availability and digestibility.

**FiberGest™** — Only selections with top tier fiber digestibility are advanced.

The KingFisher Corn program started strong and continues to grow. KingFisher now has 20 unique hybrids, with many hybrids also available in Certified Organic. KingFisher has also introduced specialty hybrids, including Ultra High Oil and Male Sterile options. KingFisher hybrids were all developed and selected with an emphasis on high energy and digestibility, without sacrificing yield.

**High energy and digestibility, without sacrificing yield.**

**Request a copy of the KingFisher Hybrid Guide from your local dealer.**

2018 Alfalfa Trial Blocks  
Wisconsin

# You can get there ... if we work together.

- KingFisher producers **won 5 of 7 categories** at the WDE Forage Superbowl in 2018.
- SofStarch™ corn has **10-15% higher starch availability**, reducing fed starch in the diet for KF producers.
- KingFisher **alfalfas have improved fiber digestibility** on farms throughout the US.
- Studies showed that **SofStarch type corn had less than half the rate of passage as normal flint corns**. This means that it not only digests quicker, it also stays in the cow longer which greatly increases the efficiency of the starch and other nutrients.
- **400+ local dealers** promote KingFisher across the US.
