My Free Delivery Schedule has changed!!!

The Homestead Organic Feed order comes in on the third Monday of the month.

My free delivery schedule **between my place and Malone**, including Bombay, Westville, Bangor, and Dickinson is **the next Wednesday after the third Monday**.

My free delivery schedule **between my place and Canton**; including Rensselaer Falls, Heuvelton and Gouverneur, if there is enough sales to justify going that far is **the Wednesday after the Malone delivery**.

Being this is confusing, I made a chart with my delivery dates.

If you want to take advantage of the Free Delivery, let me know your name and what you want, and we'll see what we can do. If applicable, give me your phone #, address, and directions to your place. The longer ahead of time you can place your order, the better. If you want the same thing every month, let me know and I'll bring it unless you make changes.

Email News

I started an email list for emailing notices and newsletters instead of mailing paper copies to those of you who prefer email.

Email is less expensive and faster. Therefore, I plan to send out additional emails for sale deadline extensions, and other smaller news; when regular mail would be too expensive and slow.

I probably won't remove you from the paper mailing list unless you request me to. So let me know if you want to cancel receiving a paper copy.

If you want to be on my email list, send me an email to melvinmartin@slic.com.

Deluxe Blend 4-3-5,**

The Economy Blend or the Deluxe Blend can be used as a
Corn Starter at 300-400#/acre in the row at planting.

**Custom mixed compost based
fertilizer blends.
and more...**

Bulk, totes, or 50# bags.

Look for the 'Horst' items in the 'Supplier' column of the price list or ask for prices.
