## Martins Farm Supply Organic Feed Mill. Organic, Local, Quality.

We are a small certified organic feed mill supplying feeds for homeowners and small farms. We source our grains locally whenever possible. When we can't source locally, then we buy from Lakeview Organic Grain in the Finger Lakes NY and other places as needed. We use Fertrell as our main mineral supplier.

We stock chicken and pig feed. We can custom make most any feed mix you wish for. All our feed is whole or mash. We don't make pellets. We mainly use Fertrell for our ration support, however you can provide us with your ration as you please.

Our goal is to be able to provide you with a high quality product, for a good price, with good service.

If you are needing more than about 2 tons of feed at a time, consider buying from a bulk truck delivery company like Lakeview Organic Grain. We put all our feed into bags.

Are you a certified organic grower with corn, soy, oats, wheat, barley, alfalfa, clover hay, etc for sale? Let me know. I may be able to buy from you. There are quality standards that need to be met — ask for details.

## Eskimos

### The Happy People

Recently I learned some things about the Eskimos from years past. They lived way up north in a very harsh climate. They had very little. They were frequently cold and sometime hungry.

They ate mostly raw meat. They lived in snow houses that were very cold compared to our standards. Yet, in the midst of their hard life, they were exceptionally happy people.

Would you be thankful for a tiny house that was below freezing?

Would you be thankful if all your belongings fit on a sled?

Would you be thankful if you didn't know when you'll get your next meal?

Take the "sting" out of your high S.C.C. quarters with

# Delivery Info.

Monday is for taking orders and paperwork.

Tuesday and Wednesday are for grinding and mixing feed.

Wednesday and Thursday (and Friday) are for doing deliveries.

Try to have your order placed by Monday if possible. We will still try to fulfill your order even if you are late.

If you want the same thing every month, let us know and we'll try to bring it unless you make changes.

**Bombay/Malone:** \$5 delivery fee if your order is under \$400. Free if over \$400. Delivery every two weeks, (Based on week of March 17, 2021).

**Russell/Canton:** \$5 delivery fee if your order is under \$400. Free if over \$400. Delivery every two weeks, (Based on week of March 24, 2021).

**Heuvelton/Canton:** \$5 delivery fee if your order is under \$400. Free if over \$400. Delivery every four weeks, (Based on week of March 24, 2021).

**South of St Lawrence Co, (Philadelphia, Lafargeville):** \$25 delivery fee if your order is under \$400. \$15 if over \$400. Delivery every four weeks, (Based on week of April 7, 2021). Orders (south of St Law Co.) with the 'Ton Trigger' discount applied need to have delivery calculated manually. Figure between \$25 and \$100 delivery fee. The factors to consider are what truck (and trailer) needs to haul it. How full is that truck (and trailer)? Also, keep in mind that big orders (like tons of fertilizer) may not be delivered on the regular delivery schedule and depending on our schedule, may be delayed.

We normally deliver on Wednesday and Thursday. However, depending on our schedule, holidays, or whatever, your order could be delivered sooner or later. Being we have two deliveries per week, it will be common for the Russell/Canton and the Bombay deliveries to be on Thursday.

## Ask if you want a copy of our calendar with our delivery dates on it.

## **Dry, Screened, Raw Chicken Manure Sale** From Nolt's Spreading

Flows very nice for non-pelleted poultry manure.

This poultry manure should go through a corn planter fertilizer hopper without fuss. However, if you want optimal flowability, go with a pelleted poultry manure or a fertilizer blend. Ask if you are interested in a pelleted fertilizer.

Approximate analysis: 2-2-2 Ca 8%

### **10% off Sale Prices on Chicken Manure, (Prices subject to change at any time):**

\$289/ton in 40# bags sale price (full skid of 50 bags) delivered to your farm, (\$321/ton regular price).

\$6.84/ 40# bag sale price for less than a full pallet, (\$7.60/40# bag regular price.)

Ask about special pricing if you are interested in a full truckload (approx. 24 tons).

## **Blue River Seeds Ship Date May 6 2021**

Fertrell and Blue River are shipping my seed orders directly from Blue River to me. Therefore I'm setting a date that they plan to ship my seed orders to me. We want to wait as long as we can to get as many orders on that shipment as we can. But we want it soon enough that no one is late getting their seeds. Therefore, you need to place your Blue River Seeds orders by May 6<sup>th</sup>. Orders placed and paid for after the deadline will likely have an additional shipping charge added to the price.

If the weather is bad and we are having a late spring, we may extend the ship date.
