Look in the Fertrell Catalog or website for recipes for mixing your own feeds or ask us at MFS.

Price changes are out of our control. Therefore please ask us for an updated price list or confirm the price when you are placing an order.

**Contact us for pricing  
or more info.**

**Albert Lea/Blue River  
Seeds Ship Date  
May 1 2023**

Albert Lea/Blue River free shipping order deadline is 5-1-23. Orders placed and/or paid for after the deadline will likely have an additional shipping charge added to the price.

If the weather is bad and we are having a late spring, we may extend the ship date.

**Soymeal Price Came Down a  
lot!**

So feed soymeal.

**Certified Organic Feed  
Local and Quality**

We stock the standard feed mixes you are likely to need. Or we can make a custom mix to fit your specific needs.

Please stop in or ask for more details.

**Wish for extra nice grain?**

Ask about our double cleaned wheat, rye, buckwheat, and peas.

# Spring 2023 Nolt Spreading Truckload Sale

## 6% off most products shipped from Nolt Spreading

### Order and pay\* by **Wednesday, April 19, 2023**

Take delivery when it comes in.

Take an **Additional \$25/ton off** if picked up at Martin Farm Supply.

\*Sometimes it's fine to pay when it's delivered.

**Nolt Spreading** sells a line of individual fertilizers like Calphos, Gypsum, SOP, Chicken Manure, and more. You can get a custom blend of their ingredients for a reasonable price.

#### **Contact us for pricing or more info:**

Orders placed after 4-19-23 risk missing the truck, but if they make it on the truck the special pricing may still apply. Expect truck to get here around the first week of

May. Your order may get here sooner depending on how many orders come in, especially if you need it sooner.

Price changes are out of our control. Therefore please ask us for an updated price list or confirm the price when you are placing an order.

---

### Understanding the Price List

'Item Description' is a description of the product.

'Stock Qty' is what the computer says is in stock at MFS at the time it was printed. The purpose is so you know what items you can get without pre-ordering.

'Regular Price' is regular full retail price.

'Sale Price' is the price when it's on sale. It's blank if there isn't a current sale for that product.

'Ton Trigger Qty' is how many you need to buy to get a price break. If it's blank, then I don't have a volume discount set up for that item. We use the word 'Ton', however it doesn't necessarily mean 2000#, but can be for any larger quantity.

'Ton Trigger Price' is the regular price for larger quantities.

'Ton Trigger Sale Price' is the sale price for larger quantities.

You can Mix or Match to get the ton quantity pricing (with exceptions). However you need to mention it or we may forget.

There are two price lists: One intended for email and one intended for printing on paper. The paper version has only the most common items on it due to the cost of paper. If you wish for the more complete price list (email version) on paper, let us know and we can print one for you.

---

## Hemp Oil and Salve

### 50% off while supply lasts.

We stock local hemp products from Country Organics. The hemp we sell is produced with fertilizer that came from Martins Farm Supply. We have various concentrations and flavors in both oil and salves/muscle rubs.

Hemp is known for it's health benefits.

## Need Potting Soil or Compost?

### We can help.

# Friendly Blends of Organic Fertilizer

**4% off until Friday, March 31 2023, with exceptions.**

Order and pay\* by 3-31-23, Take delivery when it comes in.

Take an Additional \$25/ton off if picked up at Martin's Farm Supply.

\*Sometimes it's fine to pay when it's delivered

**\$792/ton in 50# bags Sale Price for Deluxe Blend +2, (\$824.80/ton regular price),** with trace minerals for the average farmer or gardener. Or **Deluxe Blend +0**, without trace minerals for certified organic farmers without a soil test. There are more blends available. 2,000 lb totes available.

The Deluxe Blends are excellent as a **Corn Starter** at 300-500#/acre in the row at planting.

The levels of trace minerals in the Deluxe Blend is right for in the row, however it's hardly maintenance levels for broadcast.

**Also available:** Pelleted Chicken Compost, Chilean Nitrate, Gypsum, Liquid fish, custom mixed fertilizer blends, and more.

Ask for a price list. These prices could change at any time.

# Delivery Info.

Monday is for taking orders and paperwork.

Tuesday and Wednesday are for grinding and mixing feed.

Wednesday and Thursday (and Friday) are for doing deliveries.

Try to have your order placed by Monday if possible. We will still try to fulfill your order even if you are late.

If you want the same thing repeatedly on a schedule, let us know and we'll try to bring it unless you make changes.

**Burke:** \$10 delivery fee if your order is under \$400. Free if over \$400. Delivery every four weeks.

**Bombay/Bangor:** \$10 delivery fee if your order is under \$400. Free if over \$400. Delivery every two weeks.

**Russell/Canton:** \$10 delivery fee if your order is under \$400. Free if over \$400. Delivery every two weeks.

**Heuvelton/Canton:** \$10 delivery fee if your order is under \$400. Free if over \$400. Delivery every four weeks.

**Gouverneur/Canton:** \$10 delivery fee if your order is under \$400. Free if over \$400. Delivery every four weeks.

**South of St Lawrence Co, (Philadelphia, Lafargeville):** \$35 delivery fee if your order is under \$400. \$25 if over \$400. Delivery every four weeks. Orders (south of St Law Co.) with the 'Ton Trigger' discount applied need to have delivery calculated manually. Figure between \$25 and \$100 delivery fee. The factors to consider are what truck (and trailer) needs to haul it. How full is that truck (and trailer)?

We normally deliver on Wednesday and Thursday. However, depending on our schedule, holidays, or whatever, your order could be delivered sooner or later. Being we have two deliveries per week, it will be common for the Russell/Canton and the Bombay deliveries to be on Thursday.

## Ask for a copy of our calendar with our delivery dates on it.

### **Metal Roofing Price Increase**

Everlast notified us that steel prices have "skyrocketed". "Double-digit" price increases are expected into May/June. The 1st increase will occur April 6th. Current pricing in effect until then.

and details.

Martins Farm Supply  
**Organic Feed Mill**  
Certified Organic, Local, Quality

We are a small certified organic feed mill supplying feeds for homeowners and small farms. We source our grains locally whenever possible. When we can't source locally, then we buy from Lakeview Organic Grain in the Finger Lakes NY and other places as needed. We use Fertrell as our main mineral supplier.

We stock standard feed mixes like Layer, Broiler, and Pig feed. We can custom make most any feed mix you wish for. All our feed is whole or mash. We don't make pellets. We mainly use Fertrell for our ration support, however you can provide us with your ration as you please.

Our goal is to be able to provide you with a high quality product, for a good price, with good service.

If you are needing more than about 2 tons of feed at a time, consider buying from a bulk truck delivery company like Lakeview Organic Grain. We put all our feed into bags and totes.

It is common that we will have some extra feed left over when we make a custom feed mix. We commonly

give you the extra at the price of corn. Let us know if you don't want that extra.

It is common for a little bit of grain or feed to be in an auger, or for whatever reason, for some grain to get mixed in with another grain. For example, there may be a few kernels of corn in with the soy. Or it may be mixed right out of the field. For example, there may be some peas in with the oats. So don't expect 100% purity on feed grade grain.

We can refill your used bags. Please don't return torn bags or bags with dirt falling off of them. Be sure your name is on your bags so we know who they go to. We only use used bags for custom orders. If we use your bags, we strive to remember to also give you a bag credit discount.

Are you a certified organic grower with corn, soy, oats, wheat, alfalfa, clover hay, etc for sale? Let me know. I may be able to buy from you. There are quality standards that need to be met — ask for details.

# Friendly Blends

## Friendly Blends Individual Ingredients & Blends

With a current soil test we will blend the fertilizer you need to amend the deficiencies of the soil and also to fertilize the current crop. For the trace minerals boron, zinc, manganese, copper and some others, you will need a current soil test to show your certifier the soil deficiency.

- Custom blends can be put in 50 lb. bags, 2000 lb. totes, or in a spreader.

### Chilean Free Deluxe 4-5-5 Deluxe Plus 5-5-5

Our most popular blend specially designed for a corn starter, but good for a general purpose/vegetable blend.

Blended with extra zinc and boron along with humates and seaweed extract for growth hormones. Use at about 300-500# per acre as a corn starter. For organic certification a soil test for boron and zinc is needed.

### Compost Crumbles 5-4-3

A high quality compost made at a local egg laying operation. Works great as an economical single ingredient fertilizer or as a base for blends. One of the most economical ingredients when priced per lb. of N-P-K.

### Nitrogen Plus 15-0-2

A Sodium Nitrate referred to as Chilean. A fast release soluble form of nitrate. This product can burn crops if applied on foliage or in the seed furrow. Check with your certifier for crops being sent to Canada or Europe. Great as a quick fix for a nitrogen deficiency.

### Compost + K 4-3-10

A high potassium blend for in row fertilizer for beans and other high potassium feeders. Our own blend which can be

ordered with zinc & boron.

### Garden Microhumus 0.5-0.4-0.7

Our own popular blend designed for gardens that get manure but no trace minerals. Loaded with all the essential micros: sulfur, boron, zinc, copper, manganese, down to molybdenum, cobalt and selenium in a base of compost and bio char. Use one 50# bag per 1000 feet<sup>2</sup>.

### Organic Gem Liquid Fish 3-3-0.3

Washington State  
Certified

One of the highest quality fish hydrolysate available. Can be used as a liquid fertilizer as a starter, in drip irrigation, or foliar spray. Also use as a base to add other specific nutrients determined from tissue or sap analysis. Available in 1 gallon jugs, 5 gallon pails, 55 gallon drums and 275 gallon totes. Must be used soon after adding water.
